EMPLOYMENT OPPORTUNITY
Department of Telecommunications and Energy
Program Manager VI
4/25/2006

CLASSIFICATION: AGENCY NAME: Department of Telecommunications and Energy
FUNCTIONAL CLASSIFICATION TITLE: Assistant Director of the Electric Power Division
JOB TITLE : (M-LEVEL): Program Manager VI
ANNUAL SALARY RANGE: \$41,017.08 – \$83,442.53

PRIMARY DUTIES: The Electric Power Division (EPD) oversees the electric utility industry in Massachusetts. The EDP directly regulates the activities of four investor-owned electric companies and sets policies for the industry that indirectly affect the 40 municipal electric light departments operating in Massachusetts. The primary work of the Assistant Director is to assist in managing the EPD, to directly manage investigative projects and to train and supervise staff. The Assistant Director is also responsible for the EPD during times when the Director is absent. The EPD is responsible for managing the transition of the electric industry from a vertically integrated utility to a competitive generation structure. With electric restructuring, the EPD is responsible for oversight of managing electric company programs such as energy efficiency, renewable energy, reliability and safety of supply, and service quality. The EPD is also responsible for implementing the development of wholesale electricity markets in New England, and the development of a retail electricity market in Massachusetts. The Assistant Director will participate in designing the new industry structure to integrate competitive forces; manage projects that implement goals of the new industry structure; keep abreast of industry, regulatory, and technological advances; and manage the time and caseload of the Electric Power Division staff.

QUALIFICATIONS: Applicants must have at least (A) five years of full time, or equivalent part-time, supervisory or managerial experience in business administration, business management, or public administration.

PREFERRED QUALIFICATIONS: Managerial experience in the electric utility industry.
The successful candidate may be required to attend a two week course on utility regulation.

SPECIAL REQUIREMENTS: None

RESUME AND COVER LETTER TO:

Timothy J. Shevlin Jr., Executive Director
